

2019 ANNUAL REPORT

Teddy Bear
CANCER
FOUNDATION

Teddy Bear Cancer Foundation supports the family from initial cancer diagnosis, through treatment, and into recovery.

We are a community of dedicated staff, volunteers, and donors who all believe in the same principle: that no family should ever be alone in the fight against cancer. With generous community support, we helped 801 individuals living in the Tri-County Region in 2019.

MISSION

Our mission is to advocate for families living in Santa Barbara, Ventura, and San Luis Obispo counties that have a child with cancer by providing financial, educational, and emotional support.

VISION

Our vision is for all families experiencing pediatric cancer to feel strengthened and supported.

CORE VALUES

COMPASSION: We believe in a caring and inclusive approach to our work.

COLLABORATION: We creatively leverage and effectively use our resources in support of the families we serve.

TRANSPARENCY: We communicate ethically, openly, and honestly.

HOW DO FAMILIES LEARN ABOUT TBCF?

Families are generally referred to us via their hospital social worker. TBCF serves families that reside in Ventura, Santa Barbara, and San Luis Obispo Counties. Frequently, families must travel outside the Tri-County Region to be treated. Therefore, we maintain relationships with treatment centers throughout California.

Our Three Programs Are the Heart of Our Organization

A family experiences many hardships after a pediatric cancer diagnosis. For the child with cancer, it can be physically painful and scary. Many children also struggle in school due to the side effects of treatment. For parents, it is the most frightening and emotionally exhausting experience of their lives. Many families lose income while seeing their child through treatment, causing significant financial stress. Teddy Bear Cancer Foundation addresses all of these needs.

We offer programs to lessen the immediate financial, emotional, and educational challenges, while providing ongoing opportunities for families to connect with each other in a safe space.

THE FAMILY FUND

Financial Stability Program

Low-to-moderate income families can receive help with household bills and expenses associated with caring for a sick child. Funds also help offset the loss of income due to one or both parents reducing work hours or leaving their job to care for their child.

DIRECT FINANCIAL ASSISTANCE FUND

Low-to-moderate income families can ease their immediate financial burden by applying for up to \$5,000 toward rent or mortgage, auto expenses, utility bills, medications, home care services, food, child care, or hotel accommodations.

RELAPSE FUND

If a child's cancer returns, families can request an additional \$2,500 of financial support.

FUNERAL FUND

In the most tragic cases, we assist families with up to \$2,500 to cover the costs of funeral arrangements.

HELP FOR THE HEART

Emotional Support Program

TBCF provides professional and peer support to the entire family, including parents, the child in treatment, and siblings, to ease emotional hardship.

FAMILY COUNSELING GROUPS

Supportive services in collaboration with local organizations and licensed professionals for families during the varying stages of their child's treatment.

FAMILY CONNECTION EVENTS

Family Fun Days, trips for children and their families, and holiday parties are created to offer a safe environment for families to gain support from and connect with one another.

PROJECT HOLIDAY

Families of children in treatment can participate in Project Holiday to receive Christmas gifts, Easter baskets, Thanksgiving dinners, Valentine's Day cards, grocery vouchers, and more! All items are provided by donors and delivered to the families' home or a child's treatment location.

"BEAR" NECESSITIES

Items for families such as clothing, bedding, and hospital care packages are provided to families in need.

CARE FOR THE CAREGIVERS

Through the efforts of our supporters, parents and guardians can build camaraderie and engage in self-care. Events such as Mother's Spa Day provide rest and rejuvenation for the caregivers of children with cancer.

TOOLS FOR SCHOOL

Educational Advocacy Program

This program gives parents the necessary tools to support and advocate for their child's academic career and provides a smooth transition back to school following treatment.

NEUROPSYCHOLOGICAL TESTING

To help families address the learning difficulties associated with cancer treatment, TBCF covers up to \$1,500 for neuropsychological testing. Test results are used to better understand and effectively advocate for their child's academic needs.

TUTORING SERVICES

Youth and young adults in need of individualized academic support are provided up to \$500 in tutoring services by accredited teachers. This program is recommended for those in maintenance or remission.
