Gold Ribbon Luncheon

THURSDAY, OCTOBER 2, 2014

FOUR SEASONS BILTMORE, SANTA BARBARA, CALIFORNIA

From The Executive Director

As I look back at 2013, I am overcome with gratitude for our community's generosity and willingness to help families that are in need. I offer my sincere thanks to all the incredible supporters that have continued the legacy of caring started by our founder, **Nikki Katz**. Each one of you has helped make Teddy Bear Cancer Foundation (TBCF) the organization it is today!

Last year's highlights included bringing on dedicated new staff members, establishing an endowment fund, developing a three-year strategic plan, diversifying the organization's giving portfolio - and most importantly, providing quality services to a record 155 families!

Of the 155 families served last year, 6 percent reside in San Luis Obispo County, 45 percent reside in Ventura County, and 49 percent are from Santa Barbara County. We are actively working to meet the needs of families with the help of collaborative partners, including social workers from hospitals across central and southern California. Our team and new program director, **Rosio Almaguer**, are focused on continuing to build relationships in the medical community to ensure families are aware of, and able to access our program offerings - particularly families living in the outer reaches of our service territory of San Luis Obispo County and southern Ventura County.

Since the organization's founding in 2002, we have assisted more than one thousand individuals and awarded over \$1 million in financial assistance to families who have a child with cancer. In the last several years, the needs of local families who have a child with cancer have increased. For example, in 2012 we provided \$152,100 in financial assistance and are proud to have increased this amount by 33 percent in 2013, providing families with a record \$202,400.

Our ability to further our mission is directly attributed to YOUR support! We had an impressive number of hardworking volunteers this year, with 463 community members providing 4,130 hours of service. Whether you donate an item for a family or fundraiser, offer your professional services, gift your valuable time and experience, join as a member of a committee, make a monetary contribution, or help spread the word about the work we do, we could not do what we do without your help!

Teddy Bear Cancer Foundation is well positioned to continue its positive growth trajectory in the number and quality of services we are able to provide to families. As we embark upon another year together, I'd like to thank you in advance for your enduring support.

Thank you for caring so profoundly and believing so deeply in our mission.

Mission

Teddy Bear Cancer Foundation is a non-profit organization providing financial and emotional support to families of children with cancer living in Santa Barbara, Ventura and San Luis Obispo counties.

Programs

Financial Support Programs*

Direct Financial Assistance

Families can apply for up to \$5,000 for payment of rent or mortgage; auto loans, registration, insurance, and repairs; utility bills; medications and home care services not covered by insurance; counseling; and child care.

Education Support

To help families address learning problems that are a common side effect of chemotherapy, TBCF covers up to \$1,500 for the cost of neuropsychological testing and up to \$500 for tutoring by credentialed teachers.

Critical Needs

We offer free gas cards and hospital cafeteria gift certificates.

Hotel Accommodations

Free hotel accommodations are offered to immediate family during an emergency or an unusually extended hospital stay.

In addition to health insurance payments, the majority of families report spending an average \$9,723 of out-of-pocket expenses to support their child with cancer.

Funeral Fund

When needed, we assist families with up to \$4,000 for funeral arrangements.

** Families must qualify for financial support programs.*

Emotional Support Programs

Family Support Groups

Santa Barbara

TBCF offers bilingual support groups facilitated by a licensed social worker, co-sponsored by the Leukemia & Lymphoma Society and held at the Cancer Center of Santa Barbara with Sansum Clinic. Families gain support from each other while participating in group discussions and activities.

Ventura

In a joint collaboration with Ventura County Medical Center's Pediatric Hematology/Oncology Clinic, Community Memorial Hospital Cancer Resource Center, Cancer Support Community, St. John's Cancer Center of Ventura County and Leukemia & Lymphoma Society, TBCF provides a support group for parents, as well as expressive art and discussion groups for children with cancer and their siblings.

Loss of Child Support Group

With the assistance of a licensed therapist, this group helps parents process their grief in order to take steps toward healing.

Moments in Time

We offer special experiences to children, including surprise birthday parties in the hospital, meeting celebrities, or fun outings.

"Bear" Necessities

TBCF provides families with donated items such as furniture, appliances, clothing, or bedding, as well as diapers and wipes for families with little ones.

Family Fun Events

We host social events, such as Family Fun Days, and trips for children and their families throughout the year, such as excursions to sporting events. TBCF also hosts Cottage Children's Hospital's Annual Pediatric Oncology

Holiday Party, creating an opportunity for children in treatment and their siblings to visit with Mr. & Mrs. Claus, receive a gift, participate in activities and enjoy lunch with their family.

Care For The Caretakers

Being a caretaker of a child with cancer can be exhausting and isolating. This program focuses on the parents or guardians of children with cancer. Opportunities to build camaraderie among caretakers, such as Mother's Spa Day, are offered annually, as are other experiences that are dedicated to rest and rejuvenation for parents.

Storytellers

Each week, volunteers read stories to children in pediatrics at Cottage Hospital. We also offer free books and toys for the children to keep.

"In the United States, 36 children are diagnosed with cancer each day."

University of Minnesota*

Project Holiday

Families are selected based on need to be part of Project Christmas, Project Turkey, Project Valentine and Project Easter. Families receive holiday gifts, such as toys, games, and clothing; Easter baskets and stuffed Easter bunnies; Christmas trees and decorations; Thanksgiving Day food gift baskets and grocery vouchers; and more! All items are provided by donors, put together by volunteers, and delivered to families' homes or kids at the clinic who are receiving cancer treatment.

Community Outreach Program

Bone Marrow Drives

In collaboration with Be the Match, we help coordinate bone marrow drives to benefit families in search of a match for their child.

TBCF's programs benefit children diagnosed with cancer before age 18 and continue until they are 12.

The Young Philanthropist

Grade school to college-age students champion TBCF by becoming young philanthropists, creating awareness, and hosting fundraising events to benefit the organization.

Highlights:

In October 2013, Franklin Elementary School students hosted a "Coins for Cancer" drive and presented a check for \$1,206 to TBCF at a student assembly. They were proud to raise funds in honor of a fellow student and TBCF child currently battling cancer.

TBCF ALUMNI

Where Families Pledge to Pay-it-Forward

Past TBCF recipients support new and future families by donating to the organization for the benefit of others.

Highlights:

Brody and Bonny Trejos' son Madix, age 4, had a lifesaving surgery to remove his cancer-stricken kidney at Santa Barbara Cottage Hospital on October 28, 2009, just four days after doctors discovered a grapefruit-sized tumor attached to it. Madix was diagnosed with stage two ganglioneuroblastoma. Today, after almost five years, he is a healthy nine-year old boy and will be proclaimed cancer free on October 27, 2014. The Trejos family has been so grateful for the support they received from TBCF that they in turn are now providing for others, making them an exceptional example of "Paying-it-Forward." They host an annual golf tournament, a skateboard expo and a variety of other fundraisers to benefit TBCF. Thank you to the entire Trejos family - Bonny, Brody, Harper and Madix - for "Paying-it-Forward". You truly make a difference in the community and in the lives of other TBCF families!

Saks & The City VI

Saks & The City VI, held April 18, 2013 at Saks Fifth Avenue was again an extravaganza of glitz and glamour raising nearly \$150,000 in support of TBCF's programs. The event offered up a special night to get dressed up and enjoy cocktails served by firefighters and delectable hors d'oeuvres from local restaurants. Tarot card readers, mini-makeovers, massages and casino tables were also available for further indulgence.

Actor Billy Baldwin served as Master of Ceremonies and facilitated a live auction with spectacular items such as an AmaWaterways European Luxury River Cruise trip from Santa Barbara Travel Bureau, a surf retreat with legendary surfer Shaun Tomson, a dress donated by Katy Perry

and fine jewelry from Daniel Gibbings Jewelry. Other unique items included travel packages to Sun Valley in Idaho and Garza Blanca Resort in Mexico, and an "I Love New York" theater, shopping and culinary getaway.

The success of Saks & The City VI can be attributed to our remarkable partnership with Saks Fifth Avenue as well as to generous donors, local businesses, service providers, volunteers, guests, and the hard work of our dedicated event committee.

"Teddy Bear Cancer Foundation was so helpful during the most difficult time of my life. They were with us for emotional support and for financial support. Thank you for all of your help!"

- Francisco Gomez & Jasmin Gomez, TBCF Parents

"The Children's Hospital Los Angeles community of families affected by pediatric cancer is in great need of emotional and financial support. TBCF has been that support for many of our families in a way that makes us in awe of what they do. The team at TBCF are such a pleasure to work with because they understand the unique needs of each family. The fact that TBCF provides financial assistance to cover housing expenses is more than just help; it alleviates the threat and fear of losing one's home. Thank you for everything you do."

Children's Hospital Los Angeles**

"I would like to thank TBCF for hosting their Family Fun Day. Our family really appreciates everything. We were able to attend one of the dinners they had in Ventura and it allowed my wife to speak with Spanish speaking families. She was able to see that other families were going through the same struggles with their child. We hope that TBCF continues helping families long into the future."

- John Eric Gutierrez, TBCF Dad

"TBCF not only helped me, but also has helped my close friend in many ways. The support TBCF has given her and her little girl is priceless. I am so glad an organization like TBCF exists."

- Blanca Rodriguez, TBCF Mom

"As a hospice social worker my experience with TBCF has been a blessing! Meeting families with children on hospice care is very challenging and having a resource as wonderful as TBCF eases the difficulty. Being able to offer families financial support for daily living as well as in tragic cases, funeral cost support, provides so much relief and comfort. I have witnessed how grateful families are for this type of help. TBCF is very easy to work with and they follow through on their commitments. Thank you TBCF! Your efforts are truly appreciated."
